

# INSTALLATION INSTRUCTIONS

## JEEP® WRANGLER ROLL BAR CURTAIN 1997 AND UP PART # 125-150

# KAYLINE MFG.

Thank you for purchasing Kayline's Roll Bar Curtain for your Jeep® vehicle. It has been designed for great fit and long wear. Please read and follow, precisely, all installation instructions provided when installing Roll Bar Curtain. Failure to do so may result in a poor fitting Roll Bar Curtain and could place occupants in a potentially hazardous situation.

### INSTALLATION TIPS

*Before you begin installing this roll bar curtain, here are a few tips to make installation easier.*

*This roll bar curtain should be installed where the temperature is above 72 degrees Fahrenheit. Below this temperature, the top may contract making it difficult to install.*

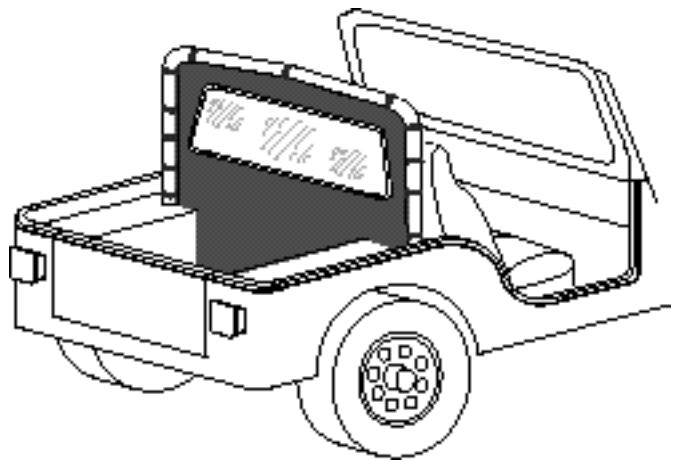

*It is normal for a roll bar curtain to contract and wrinkle when stored in the shipping carton. It will relax and wrinkles will disappear within a few days of installation as fabric adjusts to shape of mounting hardware.*

*If additional information is needed contact us at 1-800-525-8118.*

### INSTALLATION PROCEDURES:

*Wrap three hook and loop straps around top of roll bar and press together. Pull straps at bottom of roll bar curtain to floor of vehicle. Thread hook and loop fasteners through footman loops on floor and press together. Wrap hook and loop fasteners around sides of roll bar and press together. See figure 1. Some adjustments may be necessary after initial installation. If this is required just pull on one side at a time until you get the desired fit.*

## **CARE INSTRUCTIONS**

*Roll bar curtains require special care if you want to get the maximum usage and enjoyment from them. The following recommendations, if followed carefully, can extend the life of your top.*

- 1. Hand wash using a mild non-detergent soap such as Ivory. Use a nonabrasive cloth or sponge. Rinse thoroughly.*
- 2. **DO NOT** wash in direct sunlight and avoid automatic car washes.*
- 3. When your roll bar curtain is clean, we recommend using "303 Protectant" on both the vinyl top and windows. This product contains a sunscreen that helps protect from the sun's damaging rays.*
- 4. Direct sunlight and heat are the biggest enemies of the window. Park in the shade whenever possible.*
- 5. **DO NOT** roll up windows at temperatures below 45 degrees F. This could cause them to crack or break.*
- 6. **NEVER** use ice scrapers or snow brushes on vinyl windows. Use warm water to clear away ice and snow.*

## **WARRANTY INFORMATION**

*Kayline manufacturing warrants to the original purchaser of any product it manufactures, that the product will be free of defects in material or workmanship for a period of 90 days from date of purchase. Such obligations under this warranty shall be limited to the **repair or replacement, at Kayline's discretion**, of any assembly or parts which upon examination by Kayline proves to be defective. All defective items must be returned with proof of purchase to Kayline Manufacturing, 200 East 64th Avenue, Denver, Colorado 80221, freight prepaid. This warranty does not cover damage resulting from abuse, misuse, alteration, accident or damage in transit. Kayline's obligations under this warranty are limited to the aforementioned repair or replacement of warranty defects for which the return authorization has been received during the warranty period, and **KAYLINE SHALL NOT BE LIABLE FOR ANY INCIDENTAL OR CONSEQUENTIAL DAMAGES ARISING FROM BREACH OF THIS OR ANY IMPLIED WARRANTY.***

*Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you. This warranty gives you specific legal rights, and you may also have other rights which may vary from state to state.*
